## Message from the President...

*Let It Snow, Let It Snow*

While there is no snow on the ground as I write, it is starting to get cold. I usually ride my motorcycle until the snow falls, but I may not make it this year. My last ride had my heated vest warming my upper half while my lower half slowly solidified. Now I know what the expression "half-baked" really means.

When the snow does arrive, it's important to help your neighbours by keeping your walks free of ice and snow. If some of your neighbours aren't as active as they used to be, why not help out by clearing their walks, too? If you feel that you might need some help with your walks, the Society of Seniors Caring about Seniors (780.465.0311), the Lifestyle Helping Hands Seniors' Association (780.450.2113), and the Seniors Association of Greater Edmonton (780.423.5510) can all link seniors with snow-shovellers who charge reasonable rates.

The City of Edmonton requires that sidewalks be cleared within 48 hours after the snow stops falling. Should a snowbound sidewalk bar your way, you can call the City at 780.496.3100 to register a complaint.

### *Christmas Carol Sing*

Please join us for the annual Windsor Park Christmas Carol Sing on Sunday afternoon, December 21, from 2 to 4 PM. Local musicians provide the accompaniment to your favourite carols under the direction of Lillian Upright. Jennie Frost will regale us with a tale from her repertoire. Hot chocolate, yummy snacks and good company will make for a real holiday treat.

The musicians meet at 1 PM to practice and all are welcome to participate. Contact Sarah Nyland (780.433.2211) if you would like to play.

### *Neighbourhood Speeding*

I am getting a few reports of cars speeding on 117 St. I am not sure how big the problem is and would appreciate your help. Please contact me at the coordinates below with your, opinions, experiences and ideas on this issue.

### *Updates on Local Problems*

After long and at times exasperating discussions with the City and the landowner, the derelict house on 117 St. is finally slated for demolition. The job should be completed before the end of the year.

The drug-friendly house problem that I reported on last time has also seen some progress, with the homeowners agreeing that the time has come for action. The Edmonton Police Service has worked closely with the neighbouring residents and the owners to bring this about, my thanks to all.

### *Calling All Internet-sters*

Are you using the wireless network at the playground? Did you even know there was wireless Internet access at the playground? We are running the network on a one-year, trial basis. The super-secret password is 1184011840, which is the hall address repeated twice. I need to hear from you on whether we should make the network permanent.

Please feel free to contact me with your concerns.

## 4% to Renewal Our Mature Neighbourhoods?

What can we do to keep our mature neighbourhoods from falling further behind on sidewalk and street renewal? The answers we are giving neighbourhoods are: "Sorry, we don't have the money. We may get to you in 50 years!" Not good enough! Right now we have infrastructure that needs major investment over many years to keep up our neighbourhoods and not fall even further behind.

Putting things off, as we have been doing for a couple of decades, only makes things worse. A needed patch job can quickly become very big and costly when left undone. Unpredictable support from federal and provincial government, the need for costly upgrades to old storm drain systems, and escalating construction costs all put heavy pressure on already limited funds for infrastructure needs.

As one of Canada's fastest growing cities, Edmonton gains 10,000 new

residents a year. This remarkable population growth increases demand for new infrastructure and new neighbourhoods. Alberta's hot economy keeps increasing construction costs dramatically. What costs \$20 million one year will cost \$60 million a few years later.

Council is discussing some multi-year plans to address this funding shortage for Neighbourhood Renewal of Infrastructure. One plan is to increase property tax 4% per year for the next ten years, and then 1% from 2019 to 2029. The money raised would go into a special fund only used for neighbourhood renewal. Using our current estimates for cost escalation, within 30 years we could commit to bring all neighbourhoods up to an acceptable level. My question to you is - Is this worth it? I need you to let me know what you think.

### Project Porchlight is looking for volunteers!

Project Porchlight is a not-for-profit, energy efficiency campaign brought to you by the Government of Alberta, EnCana Corporation, and the City of Edmonton. We're promoting energy conservation in Edmonton by handing out 132,000 free energy efficient compact fluorescent light bulbs to residents of Edmonton and we need your help. If you are interested in volunteering to deliver bulbs on your street or in your apartment/condo complex please visit our website at [www.projectporchlight.com](http://www.projectporchlight.com), call **780-497-0510**

or email [lauren@onechange.org](mailto:lauren@onechange.org) to speak with Lauren, one of our campaign coordinators.

Delivering only takes about two hours and is a great way to do something positive for your neighbours and the planet alike! Remember: **simple actions matter**, so if you can change a light bulb, you can make a difference.

## **Fresh air, exercise, and cash in your jeans!!**

We're tired of shovelling our own snow and hope there might be a young person out there who'd be interested in helping us out. We live close to the corner of 116 St. and Edinboro Road. The only trick is that it really needs to be done right after it snows or the snow gets packed down and is much harder to clear.

Fee negotiable.
