	<p>Murals are an important form of public art that can have a profound and positive impact on a city and its well-being. They help transform spaces, encourage people to engage with their environment, shape a community's identity and deter graffiti vandalism. Since the program's inception in 2011, CCCU has funded more than 70 murals.</p> <p>Applications will open on March 1, 2024 and will be accepted until May 15, 2024 at 11:59 p.m. Due to high demand and limited funding, grants are awarded to applications that score the highest based on several factors including mural vision, project timeline, community engagement and collaboration, project alignment and scope, mural preservation plan and graffiti vandalism.</p>	
<p>Funding Opportunities</p>	<p>Community Clean Up Grant</p> <p>The Community Clean Up Grant provides funds to community leagues, non-profit organizations and business associations for the purpose of conducting waste and/or litter removal projects in their communities.
