Registration considered INCOMPLETE until the following documents are received for **each child** you wish to register:

- Registration Form
- Registration Fee
- Cleaning Bee Fee
- Tuition Fee

GRANTS AND SUBSIDIES

Currently, student tuition is subsidized by two Government of Alberta programs:

1. Affordability Grant: The preschool receives \$75/student per month, to be applied to student's tuition.
2. Child Care Subsidy: Families with income under \$180,000/year may be eligible to be refunded their tuition fees.
 - a. Families must apply on their own to become eligible for the subsidy, and can apply as soon as one month prior to starting school. The government of Alberta will communicate directly with families regarding their subsidy eligibility and status. The Preschool is not responsible for reminding families to renew expiring subsidy eligibility. [Click here](#) for further information and to apply.
 - b. Receiving the Subsidy: Barring any government processing delays, the Preschool receives the subsidy from the government in the month after the attendance month (ex. the September subsidy would be received by the school in October). Shortly after receipt of the subsidy, the Preschool direct refunds the subsidy to eligible families.
